

# Winter Sport and Outdoor Life

A ski-historic event took place in Telemark, February the 23rd through the 26th, 2011. More than 40 delegates from 15 countries participated at the conference held at Telemark University College in Bø. In addition to the activities at the college, an afternoon and evening was spent visiting Norsk Skieventyr, the ski museum in Morgedal. Saturday the 26th was spent visiting Oslo and the FIS Nordic World Ski Championships.

The conference formed part of the celebration of the 150th anniversary of Norges Idrettsforbund ( the The Norwegian Olympic and Paralympic Committee and Confederation of Sports) and was a joint venture between ISPHES (International Society for the History of Physical Education and Sport), Telemark University College, Telemarksforskning, and West-Telemark Museum.

Talks and contributions from the ski-historic gathering of the year have been gathered and presented in book form. 32 exciting presentations from several countries are included in this 318-page hardback volume with illustrations and photographs.

The book can be purchased through the Norwegian Ski Museum in Morgedal. We ship globally at a rate of 40 EUR, including shipping and handling.
